**REQUEST FOR RECONSIDERATION OF DECISION ON
REQUEST TO WITHDRAW HOLDING OF ABANDONMENT
BASED ON FAILURE TO RECEIVE NOTICE OF ALLOWANCE**

SIR:

This is a request for reconsideration of the Decision on Petition dated August 7, 2008 denying the request to withdraw the Office's holding of abandonment for failure to timely pay the Issue Fee.

Applicants' representative based the original request for withdrawal of the holding of abandonment on not receiving the Notice of Allowance prior to abandonment despite the filing of a Customer Number Upload on August 28, 2007 requesting a customer number change (and correspondence address change). The Decision (page 2) found that the Customer Number Upload was ineffective because:

The record does not show that David B. Ritchie [who signed the cover letter for the upload] was a patent practitioner of record appointed in compliance with 37 CFR 1.32(b) (e.g. power of attorney) in this application on August 28, 2007 [and] could not change the correspondence address of record in above-identified application.

As a result, the Decision (page 2) concluded that:

For this reason, the USPTO/Electronic Business Center did not change the correspondence address to the address associated with Customer No. 20999. Accordingly, the Notice of Allowance and Fee(s) Due was mailed to the proper correspondence of records as it existed on December 13, 2007.

Applicants' undersigned representative discussed the Decision by telephone with Senior Petitions Attorney Donnell, and informed her that the reason a Customer Number Upload signed by Mr. Ritchie was filed is because a prior Customer Number Upload filed August 13, 2007 signed by the undersigned requesting a change in customer number and correspondence address for this application was rejected by the Office. Applicants' representative appreciates Ms. Donnell's time and attention during the telephone conference.

Applicants' request for reconsideration is based on the prior Customer Number Upload filed August 13, 2007 signed by the undersigned, and also on the totality of the circumstances, including the filing of two Customer Number Uploads and Applicants' undersigned representative not being informed by the Office that the second Upload was not processed for this application.

Request Exhibit I attached to the DeRosa Declaration filed herewith shows that a Customer Number Upload signed by Mr. DeRosa was filed on August 13, 2007 (Exhibit I, page 3, at the top) and included Serial No. 10/760,137 (Exhibit I, pages 4 & 8). However, Exhibit I further shows that the requested change for this application was "not processed" because:

The Attorney(s)/Agent(s) who signed the cover letter [i.e., Mr. DeRosa] are not listed in our database as having power of attorney for the listed application." (Exhibit I, page 3, under Step 1.)

Page 4 of Exhibit I on the row for “10760137” indicates that the upload for 10/760,137 was rejected because the power of attorney (“POA”) did not include the undersigned as an appointed attorney (“POA OK? – No”). Similarly, page 8 of Exhibit I includes a row for “10760137” in which “POA must sign cover letter” appears in the column headed “Validation Results.”

Request Exhibit J is a copy of the Declaration and Power of Attorney filed in this application which lists on page 3 thereof Mr. DeRosa as an appointed attorney.

It is submitted that the Customer Number Upload filed August 13, 2007 changing the correspondence address should have been processed, and that the Office’s failure to mail the Notice of Allowance to the new correspondence address is sufficient reason to grant this request to withdraw the holding of abandonment.

This Request for Reconsideration should also be granted based on non-receipt of the Notice of Allowance by Applicants’ undersigned representative prior to abandonment and the totality of the circumstances. The facts surrounding the abandonment are provided in the original and supplemental requests, and in this request for reconsideration. In summary:

- Applicants’ undersigned representative attempted twice to change the correspondence address for this application. While Applicants’ undersigned representative was apprised that the first Customer Number Upload filed August 13, 2007 was not processed for this application, he was not informed and was not aware before abandonment of the application that the second Customer Number Upload filed August 28, 2007 also was not processed for this application.
- Applicants’ undersigned representative learned of the abandonment through a status check of the application at about the time of the abandonment prompted by the undersigned’s learning of discrepancies in the correspondence address and/or attorneys of

record for some applications included in the Customer Number Upload filed on August 28, 2007.

- Applicants' undersigned representative in fact did **not** receive a copy of, and was **not** aware of, the Notice of Allowance prior to abandonment.
- Applicants' representative filed a request to withdraw the holding of abandonment on April 16, 2008, only 34 days after actual abandonment of the application, and only four business days after first learning of the abandonment on April 10, 2008.
- Applicants' undersigned representative promptly filed a new power of attorney on April 16, 2008.
- As far as the undersigned is aware, this application is the only one included in the Uploads that was unintentionally abandoned.

The facts, as summarized above, demonstrate that Applicants' representative was diligent in his handling of this application, and but for the Office not informing him that the Customer Number Upload filed August 28, 2008 was not processed for this application, the abandonment would not have occurred. Thus, it is submitted, that the holding of abandonment should be withdrawn based on the Applicants' undersigned representative not receiving the Notice of Allowance prior to abandonment and the totality of the circumstances.

It is respectfully requested that the holding of abandonment be withdrawn based on the August 13, 2007 Upload and the totality of the circumstances, and that a Notice of Allowance be remailed to the new correspondence address for this application.

Please charge any fee required to process this paper and/or continue prosecution to
Deposit Account No. 50-0320.

**DECLARATION OF FRANK J. DEROSA
IN SUPPORT OF REQUEST FOR RECONSIDERATION OF DECISION ON
REQUEST TO WITHDRAW HOLDING OF ABANDONMENT
BASED ON FAILURE TO RECEIVE NOTICE OF ALLOWANCE**

I, Frank J. DeRosa, declare as follows:

1. This Declaration supplements my Declarations filed in the above application on April 16, 2008 and June 20, 2008.
2. Attached as Request Exhibit I is a copy of an email dated August 15, 2007 from Ms Ameia Smith of the Office's Electronic Business Center. This email includes a letter (page 3 of the email) providing the status of a Customer Number Upload filed on August 13, 2008, and a spreadsheet (pages 4-11 of the email) with the status for each application in the upload.
3. The top of page 3 of Exhibit I shows that the Office received the Customer Number Upload on August 13, 2007 and that it was signed by Frank J. DeRosa, the undersigned.
4. Page 4 of Exhibit I includes a row for "10760137" in which a "No" appears in the column headed "POA Okay?"
5. Page 2 of Exhibit I gives the significance of the "POA Okay?" column as follows:

Column G, "POA Okay?" is the output of the Power of Attorney validation. When the upload process is run, the "Yes" or "No" value is the "flag" that determines if the application will be associated to the customer number or not. It will be YES if the POA is found and a values entered in Column A and/or Column B are Valid and correct. "It will be NO if either POA is not found or the values in Column A and/or B are invalid.

6. Page 8 of Exhibit I includes a row for "10760137" in which "POA must sign cover letter" appears in the column headed "Validation Results."

7. Attached as Request Exhibit J is a copy of the Declaration and Power of Attorney filed in this application, which on page 3 lists Frank J. DeRosa as an appointed attorney.

8. I was unaware that the Customer Number Upload filed August 28, 2007 was not processed for this application until after the date for paying the Issue Fee had passed.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Subject: Customer Number Upload Results for CN 20999
Attachments: How to read the upload spreadsheet.doc; Reg Number Query.doc; 20999msmatty.xls

Hello,

Attached are the results of the registration query and the upload for Customer Number 20999. Also attached is a document detailing how to read these reports and instructions for your next spreadsheet.

Please be aware what the upload spreadsheet template located at the USPTO web site has been updated. Filing and patent dates are no longer a requirement as Power of Attorney is the audit check for each application. In terms of a Prose upload, the lack of Power of Attorney is the audit check. The link for the template is below.

UPLOAD PROCESS - HOW TO READ THE REGISTRATION MISMATCH SPREADSHEET

Columns A thru D list the original data supplied from the customer number upload spreadsheet (patent number, application number, correspondence address and fee address).

Column E, "Practitioner List" lists the registration number(s) of the attorney(s) who signed the cover letter.

If this is a Prose upload then this column is left blank.

Column F, "Upload Okay?" is the output of the upload. When the upload is performed, this column will list a "Rejected" (not uploaded to the customer number) or "Accepted" (uploaded and associated to the customer number).

Column G, "POA Okay?" is the output of the Power of Attorney validation. When the upload process is run, the "Yes" or "No" value is the "flag" that determines if the application will be associated to the customer number or not.

It will be YES if POA is found and all values entered in column A and / or column B are valid and correct.

It will be NO if either POA is not found or the values in column A and / or B are invalid.

If this is a Prose upload, then the output will be "Yes" if no Power of attorney is found.

Column H will list the patent number found in PALM based off of various combinations of the customer's input in column A and B.

Column I will list the application number found in PALM based off of various combinations of the customer's input in column A and B.

Column J "Mismatch?" will display a "Yes" if any combination of patent and application numbers are invalid in a given row. If "YES" then that row of data will not upload.

Column K "Validation Results" lists a descriptive narrative on the result of the Registration Mismatch application.

Dear Sir / Madam,

This letter is in regard to a Customer Number Upload (CN Upload) spreadsheet that was received by the USPTO with the following information:

Date received: 8/13/07
Customer number: 20999
Signed by: Frank DeRosa
Registration number: 26543

We are sending this notice to notify you of the status of your CN Upload spreadsheet. Please note, two steps must be met to successfully complete the CN Upload process.

Step 1 – Confirmation of Signatory Authority for Spreadsheet Cover Letter

The individual(s) who signed the cover letter must be the applicant(s) or Attorney(s)/Agent(s) of record for the application.

The attached MS Excel spreadsheet lists all of the applications that were submitted. Those serial numbers that contain a 'NO' in the 'POA Okay' column were not processed. The Attorney(s)/Agent(s) who signed the cover letter are not listed in our database as having Power of Attorney for the listed applications or there was an error in the application/patent number.

Remedy for those Applications for which Step 1 was not Successfully Completed:

To correct the application submissions that did not successfully meet the criteria in Step 1, and so were not processed, associate those applications by submitting a new spreadsheet and cover letter with the appropriate attorney registration numbers and signatures. Instructions and a spreadsheet template are located at <http://www.uspto.gov/ebs/downloads.html> under Customer Number Update Template.

In the case of applications where you do not have Power of Attorney, please fill out and complete the proper Power of Attorney form SB81/82 and fax it to the USPTO centralized fax number of 703-872-9306 prior to submitting your spreadsheet. Please review OG Notice May 26th 2004, Revision of Power of Attorney and Assignment Practice for further information. <http://www.uspto.gov/web/offices/com/sol/notices/69fr29865.pdf>

Also verify that the serial numbers entered are the correct numbers.

Step 2 – Invalid serial number(s) – pending application and/or patent numbers

An invalid serial number was entered in the spreadsheet. This is indicated by a "YES" in the Mismatch column.

Remedy for those Applications for which Step 2 was not Successfully Completed:

Ensure that the serial numbers entered meet the spreadsheet requirements (see Customer Number Upload Template). http://www.uspto.gov/ebs/documents/cust_req_instructions.xls
